

valendrawers

Custom Drawer Component Solutions

Solid Beech

Russian Birch Plywood

PVC Wrap

Valendrawers is the most experienced drawer specialist in the industry.

Outsource drawers from Valen and save time, money, and aid the environment. Our customers experience a reduction in costs compared to making drawers in-house, while less wood is consumed and natural resources are conserved.

Valen companies have always led the industry in environmental responsibility. For example, Valen drawers have featured a UV finish for over 30 years. Valen raw materials originate in Europe and North America and are responsibly harvested. Today our company is FSC® certified and offers FSC®, NAUF, and CARB-2 drawers built from our standard inventories.

Make Valendrawers your drawer supplier and take advantage of our superior buying power, high quality materials, superb finishes, and quality controlled machining.

NEW!

- 1 - Eased-edge bullnosed plywood
- 2 - 5/8" thick plywood
- 3 - FSC and NAUF plywood

Capabilities

Valendrawers's supply chain and production management system is highly efficient, which means we can utilize best quality materials and still sell for less.

No job and no program is ever too small or too large for Valen. Larger customers utilize customized delivery programs including Kan-Ban and JIT. Our capabilities range beyond our "standards" so please inquire if you need a product or option not shown.

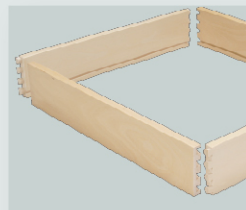

Featured Options

Assembled

Quick Ship Fulfillment Cycle

Our Quickship program was the first in the industry. The production cycle produces custom drawers in a 5-day turn-around.

NEW!
REAL-TIME
QUOTES

1 Customer Service

Get your quotes for jobs and bids back with zero wait time. Using our new, real-time, quote and order system, simply log into our web site, type in your dimensions and quantities and receive an instant Quick Ship quote. You may even place an order directly from this same quote page. To start using this feature, please contact Customer Service.

2 Warehouse

Our comprehensive inventory of semi-completed components is ready for quick customization by the job. Since we don't have to "start from scratch" we have a fast turn-around.

5 To You

Since Valen is a leading manufacturer in our area we negotiate low shipping rates.

Quick Ship program RTA drawers are delivered at no charge anywhere in the Continental U.S.. Assembled drawers are shipped FOB our plant.

4 Packaging

Shipments are carefully packaged and component packages are labeled. We wrap all components for moisture control.

3 Production

Valendrawers operates from a 120,000 sq. ft. plant/warehouse/offices facility.

Quick Ship orders are produced inside large daily production batches so small orders benefit from our high overall volumes.

Quality checks are performed at each processing step.
