From our beautifully crafted dovetail European Beech drawers to our economical grade vinyl wrapped drawers, Valen can provide the exact custom solution for your project, be it large or small.

DRAWER OPTIONS

Solid European Beech

The 16mm and 13mm Beech drawer material is sustainably sourced through Valen's mill in Romania, where precision and craftsmanship ensure the finest quality materials. The beautifully crafted joinery and scooped fronts accentuate the wood's quality and appeal.

Baltic Birch Plywood

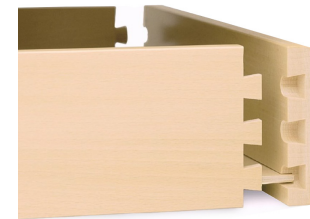

Valen's 12mm Baltic Birch drawer boxes offer a balance of strength and beauty at a moderate price point. The durable 9 ply core provides an appealing aesthetic with the clear finished edge, or trimmed out with a veneer edge tape for that solid wood appearance.
